Equipment List

Machining & CNC Machining

Lathes

Several CNC Machining Lathes thru spindles to 2.75"
Automatic Barfeed Equipment
Chucks to 12" Diameter
Manual Lathes
Automatic Screw Machines
Six spindle machines
Various other lathes

Mills

CNC Machining Centers with 4 Axis Capability
CNC Machining Centers with 5 Axis Capability
CNC Machining Centers with under 30" of travel
CNC Machining Centers with 30" to 50" of travel
CNC Machining Centers with up to 120" of travel.
Pallet change systems
Various horizontal mills
In process part inspection probing

Engineering

SolidWorks
MasterCAM
3D Digitizing

Fabrication

Laser

60 x 120" cutting bed
Automated FMS system
30,000 pound cutting capacity in 24 hours
True "Lights Out" unmanned operation
Up to 1" steel cutting capability

Materials

Aluminum
Stainless
Plastics

Pressing

2.5 ton to 120 ton Punch Presses

Automatic material feeders

CNC Press Brakes

CNC 250 ton x 10' 6 Axis
CNC 150 ton x 10'
CNC 45 ton x 7'
120 ton x 10'

Welding Equipment

Robotic Welding
9' long x 5' Diameter envelope
Certified Mig Welding
Certified Tig Welding
Spot Welding up to 75KVA
Many Manual Welding Stations
Mild Steel Welding
Aluminum Welding
Stainless Welding
Misc

Extrusion Lines

V Guides Materials All FDA approved materials
